Digital Policy

The institution's digital policy establishes a framework for using technology, managing data, and ensuring secure, equitable, and innovative digital operations. The Policy focuses on building and maintaining strong digital facilities to support modern teaching and learning. The institution will provide smart classrooms, projectors, computers, internet access, e-resources and technology laboratory. Faculty are encouraged to use ICT tools for teaching, assessments, and student support. Regular training will be offered to both teachers and students to improve digital literacy and effective use of online platforms and educational software. All ICT facilities will be maintained and upgraded periodically to keep pace with new technological trends and ensure an efficient digital learning environment.
